

EU-FORA Fellowship Programme 2026-2027

Call EUBA-EFSA-2026-ENREL-01: Selection of hosting sites and fellows for EU-FORA Programme¹ (deadline 20 February 2026)

1. The call seeks to identify **consortia** of hosting sites and fellow sending organisations for the cycle 2026-2027 (September 2026-August 2027) to fund proposals for the placement of **15 fellows**.
2. Consortia must be made of **only** two Art. 36 organisations² **from two different EU countries, Norway or Iceland**, one acting as the Applicant (leading entity of the consortium and the hosting site) and the other organisation as the Partner (the fellow sending organisation). Contact your national Focal Point for support in partner search³.
3. EFSA's contribution will be of **€ 55,000 per grant** (for each fellow).
 - a. The total amount of the EFSA grant intends to support the costs incurred by both organisations derived from their participation in the programme.
 - b. EFSA does not prescribe how the grant should be divided between the two organisations. Evidence of incurred costs by the consortium not required.
4. The proposed work programme will be performed mostly remotely, with a foreseen stay of minimum 3 months at the hosting site.
5. The call includes a table of projects (appendix A) which can become part of the fellow's placement project. They correspond to ongoing work in various preparedness topics.

Important: Selecting one of the projects is optional. Opting to do so or not does not carry any special weight in the evaluation of their proposal.
6. The Call has been launched as an **e-grant**. Application is to be performed via the e-platform. **Hard copy paper applications will not be accepted.**
7. Fellows **remain staff members** of their sending organisation throughout the duration of the fellowship.
8. The maximum number of fellows that can be trained under the same work programme is **three** (3).
9. The maximum number of fellows to be trained in the same hosting country is **five** (5).
10. Need clarification on how to apply using e-grants platform? Check the recordings of past years info sessions:
